Taxed mail

*Underpaid registered airmail letter (most likely philatelic) from Kuala Belait, Brunei to New York, USA. Postage of \$1.80 paid.
Postmarked 22 November 1947.*

Airmail rates from Brunei post war prior to 1953 are not known. However the rate from Malaya was \$1.00 per ½ oz. If the rate from Brunei was the same (due to the common BMA period) and if it was a double rate letter then the total cost should have been \$2.15 including the registration fee. This would have left an underpayment of 35 cents.

*Previously unrecorded Kuala Belait "T" marking
Manuscript "40 ctns" used to denote underpaid postage in gold centimes.
On reverse;*

Singapore transit marking of 28 November 1947

New York airport transit marking of 4 December 1947

Staten Island arrival marking of 5 December 1947

Total transit period 13 days.

There is no indication that postage due was charged on arrival in the US.
